Re: August 26, 2011 General Orders – Amendment re: Domestic Leasing

---

Please be advised that the following amendments have been made to the August 26, 2011 General Orders. You will find the corrected pages attached only in electronic form. Please print and insert them into your General Orders binder and remove and discard the old pages and replace them with the new pages provided as indicated for Schedule 7. A complete set of amended and up to date General Orders is available on the Board's website at www.bcchicken.ca if you prefer to print a complete set.

Schedule 7 – Leasing of Quota without Premises

The Board has updated the Schedule to utilize currently unused barn space to assist with the current high demand from growers to lease out quota especially during the summer allocation months. Growers can lease **in** 100% of their domestic allotment in that specific period but cannot lease **out** more than 50% of their domestic allotment in that specific period as per the existing General Order. Previously, growers were only permitted to lease ***in*** 50% of their domestic allotment.

This order comes into effect starting in quota period A-179 (shipments October 23, 2022) and is for a trial period of 13-periods. The Board will review commence the review of the trial period in quota period A-187.

These orders are in effect until amended or varied by further order of the Board.

Thank you for your attention to this matter.

Woody Siemens
Executive Director
BRITISH COLUMBIA CHICKEN MARKETING BOARD
